I. Instructions to Evaluator

*Please read the following information carefully. Be sure to complete both sides of this form.*

Southern Oregon University's Accelerated Baccalaureate Program would allow the above named student to complete a bachelor's degree in just three years by using areas of demonstrated strength from high school, work, or volunteer experience to reduce the required university course work by the equivalent of the freshmen year. There are several factors we will examine to determine if this student would succeed in the program. Your frank evaluation is essential to this decision making process. Thank you for taking the time to complete this evaluation.

Students in the program have sufficient credits remaining for a full major, a minor, and sufficient general education courses to round out their background. The following characteristics are common to successful applicants.

- A. Has a good academic preparation for college that includes strengths in some subject areas besides the chosen major but often not in all subject areas.
- B. Goal oriented with a strong commitment to the chosen major. This often includes some identified career path related to the major and some experience in the subject area.
- C. Demonstrated maturity as a student, such as being self-disciplined, highly motivated, following directions, meeting deadlines, showing initiative, and seeking out help as needed.

II. Please check the appropriate box for each line of the form below.

<b>This student ...</b>	<b>Strongly Agree</b>	<b>Agree</b>	<b>Neutral</b>	<b>Disagree</b>	<b>Strongly Disagree</b>
<b>is well prepared for college.</b>					
<b>excelled in several subject areas.</b>					
<b>is highly committed to this major.</b>					
<b>is self-disciplined.</b>					
<b>is highly motivated.</b>					
<b>has well-developed study habits.</b>					
<b>I highly recommend this student for Southern's three-year program.</b>
