

Lane Community College
Associate of Applied Science Degree Programs
to
Southern Oregon University
Bachelor of Applied Science in Management

Origination: Fall Term 2010 - Effective Until Revised or Terminated

It is agreed that students transferring from Lane Community College (LCC) in an Associate of Applied Science program to Southern Oregon University's (SOU) Bachelor of Applied Science in Management program will be given full credit for all selected courses listed below. This agreement is based on the evaluation of the rigor and content of the general education and technical courses at both LCC and SOU, and will remain in effect until it is updated or terminated by LCC or SOU. This agreement is dated Sep 14, 2010.

Baccalaureate students must complete a minimum of 60 credits of upper-division work before a degree will be awarded. Upper-division is defined as 300-and 400-level classes at a bachelor's degree granting institution. Baccalaureate students at SOU must complete 45 credits from SOU before a degree will be awarded. To become admitted to the BAS program, students must hold an AAS degree outside the area of business or accounting with a GPA of 2.5 or better. Admission to SOU is not guaranteed. Students must apply for admission to SOU in accordance with the then-existing rules, policies and procedures of SOU.

SOU program requirements specified in this agreement shall apply when the student is admitted to SOU. Students must enroll at SOU within three years of completing their AAS program at LCC.

Associate of Applied Science (AAS) Lane Community College Articulated with the Bachelor of Applied Science (BAS) in Management at Southern Oregon University

Origination: Fall Term 2010 - Effective Until Revised or Terminated

About the Program

This program has been developed with the cooperation and support of Southern Oregon University (SOU). The program is fully articulated with SOU's Bachelor of Applied Science in Management program and allows students to transfer and become admitted into the School of Business at Southern Oregon University. The program offers an excellent balance of career technical coursework, business coursework, and general education courses that support advanced study in Management.

Students should contact an academic advisor or counselor at LCC or the SOU School of Business early in the first year of their AAS program to be advised about additional requirements and procedures for admission to the school or program. Students should be aware of the admission requirements at SOU, including the minimum GPA requirement of 2.50 in their LCC degree program.

Students should be aware that if they transfer before completing their AAS degree, they will not be eligible for the BAS program and their courses will be evaluated individually toward the general education requirements and School of Business requirements in effect at SOU.

Entry Requirements at LCC

Students who have not satisfied the Math and English general education requirements must take the college placement test to determine skill level and readiness indicated by test scores. As part of their training program, students must begin with the courses within their skill levels as determined by placement test scores. In addition, students may be required to enroll in classes that would increase their employability and success.

Advanced Standing

Coursework from accredited colleges and universities will be accepted in accordance with college policies and the approval of the Dean of the School of Business. To ensure coursework is current, LCC requires program core credits to be within five years. A request may be made to the appropriate department for review.

Graduation Requirements

Students must complete a minimum of 180 quarter credits to earn a bachelor's degree at SOU. Students must earn C- or better in Written & Oral Communication General Education courses. For additional degree requirements, visit the SOU School of Business website listed below, and consult with an academic advisor.

Students who have graduated from high school or completed a high school equivalency program in 1997 or after must have the following requirement for admission to a four-year Oregon state college or university: 1) Two years of the same high school-level language, or 2) two terms of college-level language with a grade of "C" or better (may be first-year language which can be used as elective credits).

Requirements for the Bachelor of Applied Science in Management Program:

- 1. Complete an Associate of Applied Science program in any field except Business or Accounting with a GPA of 2.5 or better.** Not all AAS degree programs require the same amount of transferable general education coursework. If a student intends to transfer to SOU's Bachelor of Applied Science program, SOU's general education courses should be chosen where possible in the AAS degree. Approximately 56-64 credits of Career Technical coursework will transfer into the BAS program depending on how much general education is completed as part of the AAS program. See your academic advisor for more information.

Lane Community College Course Number & Title	Qtr. Units	Southern Oregon University Course Equivalency	Qtr. Units
Career/Tech Courses Vary by AAS Degree	64-71	BAS Elective Credit	64-71

CREDIT SUMMARY:

General Education Credits	45-52
Lower Division Business Prerequisites	8
Upper Division Business Coursework.....	61
Career Technical Credits Accepted from AAS Degree.....	<u>64-71</u>
Total Credits for the BAS degree.....	180 ¹

Note: Students completing both the AAS and BAS degrees will accumulate more than 180 credits.

1. *SOU accepts a maximum of 124 credits from a community college.* The number of career technical credits applicable to this program will depend upon the number of credits a student transfers to satisfy the general education requirements. SOU's Bachelor of Applied Science in Management degree requires 180 total credits.
2. SOU requires three social science classes from an approved list. Econ 200,201,202 are required for the BAS program, and all satisfy the SOU Social Science requirement.
3. SOU requires three humanities classes from an approved list of courses. Students may find the list of approved courses on the General Education Transfer Guide at www.sou.edu/admissions/transfer and select "General Education Transfer Guides."
4. SOU requires three sciences classes from an approved list. Two of those courses must have a lab. Students may find the list of approved courses on the General Education Transfer Guide at www.sou.edu/admissions/transfer and select "General Education Transfer Guides."
5. Baccalaureate students must complete a minimum of 60 credits of upper-division work before a degree will be awarded. Upper-division is defined as 300- and 400- level classes at a bachelor's degree granting institution.
6. SOU requires students to take three upper division courses as part of the Universities Studies. They are referred to as the Integration Strands H, I and J. Courses approved for the Integration Strands may be found at: <http://www.sou.edu/access/acadvising> .
